

Purpose of ACSA's Legislative Policy Committee

The purpose of ACSA's Legislative Policy Committee is as follows:

- To identify and study areas of needed legislation affecting ACSA members and public education.
- To solicit sponsorship requests from ACSA members and to sponsor bills that will improve conditions in California schools.
- To study proposed legislation and, based on ACSA's Legislative Platform and additional input from the Board of Directors, establish ACSA's position on state and federal legislation.
- To assist in the establishment of the ACSA Legislative Platform.

Only the delegate assembly, board of directors, or legislative policy committee can establish legislative positions (Article IV, V, Bylaws). In the event a position is unable to be reached or there is a disagreement on a particular piece of legislation, the board of directors has the authority to take a final position for the association.
