& WORKSHOPS

Master Schedule Training

The complexities of building today's master schedule in both middle and high school can be overwhelming, especially if you have little or no master scheduling experience. This one-day workshop will provide the necessary basics, including:

Outcomes:

- Identification of essential "non-negotiable" components.
- Realistic and necessary timelines.
- A step-by-step, practical method for creating a schedule that provides course selection equity.
- An opportunity to practice building a master-schedule with real numbers.

Suggested Audience: All levels of expertise are welcome, however, this workshop is geared toward first- and second-year master schedulers.

Registration Fee: ACSA Member: \$385 | Non-member: \$770
