

academies at a glance

The Association of California School Administrators provides a full range of academies, in nine leadership specializations. ACSA's job-specific academies provide a solid foundation in the application of leadership and management fundamentals for administrators who are new to advanced leadership positions or aspiring to the same. The academies are seen as the "fast-track" into a career as a superintendent, principal, business manager, curriculum and instruction or personnel administrator, special education/pupil services director, confidential employee or classified manager.

The academies are designed around the California Professional Standards for Educational Leaders (CPSEL) and the standards for the Commission on Teacher Credentialing's (CTC) Clear Administrative Services Credential (CASC). ACSA's Clear Administrative Credential Program, www.acsa.org/credentialing, is a CTC-approved CASC program.

At ACSA, we believe that every child deserves access and opportunity to quality teaching and learning every day, regardless of his or her ZIP code or family income. In the ACSA academy program, in every leadership specialization, effective professional learning plays a vital role in expanding participants' capacity for equity-minded leadership.

Academies begin August through November 2019. Complete Academy program information is available at www.acsa.org/academies including: [Register for an Academy](#), [Download Academy Catalog](#), [Join ACSA and save with Promo Code ACAD19](#), [Academy Scholarships \(due June 17, 2019\)](#).
